FOR IMMEDIATE RELEASE

### **Corgenix Medical Corporation Files to Become an SEC Reporting Company**

*Monday, July 6, 1998 08:02 AM*

DENVER, July 6 /PRNewswire/ -- Corgenix Medical Corporation (OTC Bulletin Board: COGX) announced on June 29 that it had filed Form 10-SB with the Securities Exchange Commission to become a reporting company under the Securities Exchange Act of 1934.

Douglass Simpson, president of Corgenix, stated, "This should enhance the information flow to the public about the company, which expects to be on a sustained growth path."

Corgenix is based in metropolitan Denver and is focused on the development of specialized diagnostic kits for Immunology disorders, vascular diseases, bone and joint diseases. Chugai Pharmaceuticals of Tokyo, Japan, is a 4.6 percent equity holder and a major customer of the company. Corgenix develops, commercializes and markets diagnostic products for use in medical clinics throughout the world.
